### New Series, Vol. XLIX, No. 193 Winter 1980

Mortality and Morbidity in Birmingham during the 1976 Heatwave. By F. P. Ellis, H. P. Princé, G. Lovatt and R. M. Whittington	1
Diazepam in the Treatment of Dyspnoea in the 'Pink Puffer' Syndrome. By Peter Mitchell-Heggs, Kevin Murphy, Keith Minty, Abraham Guz, Susan C. Patterson, Peter S. B. Minty and Rachel M. Rosser	9
Treatment of Acromegaly by Transtethmoidal Hypophysectomy. By S. H. Richards and J. P. Thomas	21
Poisoning with Tricyclic and Related Antidepressants—A Ten-Year Review. By I. R. Starkey and A. A. H. Lawson	33
Hyperthyroidism in the Land of Graves: Results of Treatment by Surgery, Radio-iodine and Carbimazole in 837 Cases. By D. Sugrue, M. McEvoy, J. Feely and M. I. Drury	51
Mortality in Crohn's Disease. By John F. Mayberry, Robert G. Newcombe and John Rhodes	63
Hyperparathyroidism: a prerequisite for Zollinger-Ellison syndrome in multiple endocrine adenomatosis Type 1—report of a further family and a review of the literature. By J. B. Betts, B. P. O'Malley and F. D. Rosenthal	69
An Objective Assessment of the Value of Exercise Training to Patients with Chronic Obstructive Airways Disease. By I. P. F. Mungall and R. Hainsworth	77
The Pathogenesis of Idiopathic Hypercalciuria: Evidence for Renal Tubular Calcium Leak. By F. P. Muldowney, R. Freaney and J. G. Ryan	87
The Natural History of Diabetic Autonomic Neuropathy. By D. J. Ewing, I. W. Campbell and B. F. Clarke	95
Errata	109

### No. 194, Spring 1980

Intracranial Disease in Non-Hodgkin's Lymphoma. By G. S. Venables, S. J. Proctor, D. Bates, N. E. F. Cartlidge and D. A. Shaw	111
Idiopathic Chronic Ulcerative Enteritis. By P. R. Mills, I. L. Brown and G. Watkinson	133
The Mechanism of Arterial Hypoxia Occurring in Acute Pancreatitis. By Desmond Murphy, Allan I. Pack and Clement W. Imrie	151
A Study of Fifty-eight Patients with Renal Scarring Associated with Urinary Tract Infection. By J. C. L. Mihindukulasuriya, Rosalind Maskell and A. Polak	165

Surgical Correction of Renovascular Hypertension: Dissociation between Post-operative Changes in Plasma Renin and Blood Pressure. By M. Maskill, R. F. Bing, H. Thurston, P. R. F. Bell and J. D. Swales	179
Variegate Porphyria. By Pertti Mustajoki	191
The Management of Ventricular Septal Rupture Following Myocardial Infarction. By J. Colin Forfar, John B. Irving, Hugh C. Miller, Arthur H. Kitchin and David J. Wheatley	205
The Effects of Viral Infections on Renal Transplants and Their Recipients. By M. J. Warrell, I. Chinn, P. J. Morris and J. O'H. Tobin	219

**No. 195, Summer 1980**

Renal Manifestations and Abnormal Calcium Metabolism in Sarcoidosis. By Frode K. Rømer	233
<i>In Vitro</i> Studies of Duodenal Iron Uptake in Patients with Primary and Secondary Iron Storage Disease. By T. M. Cox and T. J. Peters	249
Food Allergy and Intolerance in 100 Patients—Local and Systemic Effects. By M. H. Lessof, D. G. Wraith, T. G. Merrett, J. Merrett and P. D. Buisseret	259
The Use of Colour Vision Measurement in the Diagnosis of Digoxin Toxicity. By Jeffrey K. Aronson and Alan R. Ford	273
The Impact of Treatment with Levodopa on Parkinson's Disease. By K. M. Shaw, A. J. Lees and G. M. Stern	283
Hereditary Abnormalities of Thyroxine-Binding Globulin Concentration—A Study of 19 Kindreds with Inherited Increase or Decrease of Thyroxine-Binding Globulin. By W. A. Burr, D. B. Ramsden and R. Hoffenberg	295
Infective Endocarditis, 1970–1979—A Study of Culture-Positive Cases in St. Thomas' Hospital. By M. T. Mouldsdale, S. J. Eykyn and I. Phillips	315
Regression of Lung Size in Adults with Growth Hormone Deficiency. By A. De Troyer, D. Desir and G. Copinschi	329
The Biochemical Diagnosis, Localization and Follow-up of Phaeochromocytoma: The Role of Plasma and Urinary Catecholamine Measurements. By D. H. Jones, J. L. Reid, Carlene A. Hamilton, D. J. Allison, R. B. Welbourn and C. T. Dollery	341
Crohn's Disease: Course, Treatment and Long Term Prognosis. By W. T. Cooke, E. Mallas, P. Prior and R. N. Allan	363
Plasma Renin in Hypertensive Patients: Significance in Relation to Clinical and Other Biochemical Features. By G. I. Russell, R. F. Bing, H. Thurston and J. D. Swales	385

**No. 196 Autumn 1980**

Hypertension Following Renal Transplantation: The Role of the Host's Kidneys. By M. I. McHugh, H. Tanboga, R. Marcen, F. Liano, V. Robson and R. Wilkinson	395
--	-----

*Contents*

v

Hypercalcaemia—A Hospital Survey. By R. A. Fiskin, D. A. Heath and A. M. Bold	405
Léri's Pleonosteosis. By R. C. Hilton and J. Wentzel	419
The Clinical Spectrum of <i>Campylobacter Fetus</i> Infections: Report of Five Cases and Review of the Literature. By Uwe Schmidt, Herman Chmel, Zigmund Kaminski and Purnendu Sen	431
The Straight Back Syndrome. By M. K. Davies, P. Mackintosh, R. M. Clayton, A. J. F. Page, M. F. Shiu and W. A. Littler	443
Circadian Variations in Urine Excretion in Chronic Renal Failure. By Pamela Hillier, Martin S. Knapp and Rodney Cove-Smith	461
Prognostic Value of Radionuclide Ventriculography After Myocardial Infarction. By N. G. Dewhurst, W. J. Hannan and A. L. Muir	479
Defect in Plasma Clearance of Bromsulphthalein in Papua New Guineans with Systemic Infections. By G. C. Cook	491
The Association of Physicians of Great Britain and Ireland 1980 Seventy- Fourth Annual General Meeting	501

## Index

---

- Acromegaly, treatment of, by transethmoidal hypophysectomy, 21
- Adenomatosis, multiple endocrine, Type 1, Zollinger-Ellison syndrome in, hyperparathyroidism: a prerequisite for—report of a further family and a review of the literature, 69
- Allergy, food, and intolerance in 100 patients—local and systemic effects, 259
- Antidepressants, poisoning with tricyclic and related—a ten-year review, 33
- Autonomic neuropathy, diabetic, the natural history of, 95
- Back, the straight, syndrome, 443
- Bromsulphthalein, defect in plasma clearance of, in Papua New Guineans with systemic infections, 491
- Campylobacter fetus infections, the clinical spectrum of: report of five cases and review of the literature, 431
- Clearance, plasma, defect in, of bromsulphthalein in Papua New Guineans with systemic infections, 491
- Crohn's disease: course, treatment and long term prognosis, 363
- Crohn's disease, mortality in, 63
- Diabetic autonomic neuropathy, the natural history of, 95
- Diazepam in the treatment of dyspnoea in the 'Pink Puffer' syndrome, 9
- Digoxin toxicity, the diagnosis of, the use of colour vision measurement in, 273
- Excessive sputum in the 'Pink Puffer' syndrome, diazepam in the treatment of, 9
- Endocarditis, infective, 1970-1979, 315
- Enteritis, chronic ulcerative, idiopathic, 133
- Exercise training, an objective assessment of the value of, to patients with chronic obstructive airways disease, 77
- Growth hormone deficiency, regression of lung size in adults with, 329
- Heatwave, the 1976, mortality and morbidity during, 1
- Hypercalcaemia—a hospital survey, 405
- Hypercalciuria, idiopathic, the pathogenesis of: evidence for renal tubular calcium leak, 87
- Hyperparathyroidism: a prerequisite for Zollinger-Ellison syndrome in multiple endocrine adenomatosis Type 1—report of a further family and a review of the literature, 69
- Hypertension, renovascular, surgical correction of: dissociation between post-operative changes in plasma renin and blood pressure, 179
- Hypertensive patients, plasma renin in: significance in relation to clinical and other biochemical features, 385
- Hyperthyroidism in the land of Graves: results of treatment by surgery, radio-iodine and carbimazole in 837 cases, 51
- Infarction, myocardial, prognostic value of radionuclide ventriculography after, 479
- Infections, systemic, defect in plasma clearance of bromsulphthalein in Papua New Guineans with, 491
- Intracranial disease in non-Hodgkin's lymphoma, 111
- Iron storage disease, primary and secondary, *in vitro* studies of duodenal iron uptake in patients with, 249
- Lung size in adults, regression of, with growth hormone deficiency, 329
- Lymphoma, non-Hodgkin's, intracranial disease in, 111
- Myocardial infarction, the management of ventricular septal rupture following, 205
- Obstructive airways disease, chronic, an objective assessment of the value of exercise training to patients with, 77
- Pancreatitis, acute, the mechanism of arterial hypoxia occurring in, 151
- Parkinson's disease, the impact of treatment with levodopa on, 283
- Phaeochromocytoma, the biochemical diagnosis, localization and follow up of: the role of plasma and urinary catecholamine measurements, 341
- Pleonosteosis, Léri's, 419
- Porphyria, variegata, 191
- Renal failure, chronic, circadian variations in urine excretion in, 461
- Renal transplantation, hypertension following: the role of the host's kidneys, 395
- Renal transplants and their recipients, the effects of viral infections on, 219
- Renin, plasma, in hypertensive patients: significance in relation to clinical and other biochemical features, 385
- Sarcoidosis, renal manifestations and abnormal calcium metabolism in, 233
- Thyroxine-binding globulin concentration,

- hereditary abnormalities of, 295  
Urinary tract infection, renal scarring associated with, a study of fifty-eight patients with, 165  
Ventriculography, radionuclide, prognostic value of, after myocardial infarction, 479
